RE: Communityworks Grant Procedures 2022

January 2022

The **2022 Communityworks Grant Procedure** is provided in this packet. The Community Foundation Grant Awards Program preferences focus on **Early Childhood Education, Land Use & Protection, and Workforce Development**. Carefully review Appendix I of the attached application packet for specific information and follow the instructions carefully.

The Community Foundation program, funded by our **Communityworks Endowment Fund**, is made possible by generous contributions from many individuals and organizations.

If this is the first time applying for a Communityworks Grant, you will need to attend a Grantseekers Briefing held virtually through ZOOM on Wednesday, January 26, 2022, at 1:00 pm or 5:30 pm. A representative from your organization may choose which briefing fits better into their schedule. For those who have applied in the past, you may also attend the briefing, but it is not required. The briefing will provide a general procedural overview, important dates to know and the opportunity for applicants to ask questions and learn other specifics. Reservations are required by emailing info@cfkrv.org no later than January 25, 2022. You will then receive the link to access the Zoom meeting.

Grant applications are to be submitted to the COMMUNITY FOUNDATION through the grant application website by 5:00 pm, Friday, March 4, 2022.

COMMUNITYWORKS GRANT PROCEDURE – 2022

The **COMMUNITY FOUNDATION of Kankakee River Valley**'s mission is to build endowment funds for our region over time, and it strives to bring together individuals and organizations to assess community needs, to build greater endowment funds, to convene area leaders around important issues, and to distribute grant awards to worthy nonprofit organizations. The Foundation also serves as a neutral leader with no direct affiliation with any group, religion, political or governmental entity.

The goal of the Community Foundation is to improve the quality of life in both greater Kankakee and Iroquois Counties by supporting initiatives that are not currently being adequately funded. Grants awarded by the Community Foundation originate from income generated by our Communityworks Endowment Fund, a visionary initiative to help the Community Foundation build endowments for making grant awards, particularly in the following focus areas:

- **Early Childhood Education**
- **Land Use & Protection**
- **Workforce Development**

Grant-funded recipients of the Communityworks Endowment Fund are encouraged to address one or more of the above-identified focus areas and to make it publicly apparent how it is accomplished.

Those submitting grant proposals are strongly encouraged to review Appendix I, Communityworks Grant Areas for 2022, before applying.

Community Foundation Grant Making for 2022

An estimated \$100,000 in grants will be awarded in 2022 by the Community Foundation, and it is anticipated that the total funds available will be distributed among several worthy applicants with an approximate, anticipated maximum award value per recipient of \$10,000. The Community Foundation will consider only one request from a single (organization) entity for all funding categories, purposes or amounts.

Proposals are reviewed, evaluated and recommended by the Foundation's Grants Committee with the Community Foundation Board of Directors approving the final award recommendations. Because the Foundation cannot fund all the requests it receives, the Community Foundation Grants Committee and the Board of Directors rely on the following general policies and considerations for award selections.

- Grant applications are to adhere strictly to the grant application instructions.
- Grant awards are to be made only to those nonprofit organizations and programs operating either within Kankakee or Iroquois County.
- Awards through the Communityworks Endowment Fund are made only to organizations currently holding charitable 501(c)(3) classifications as designated by the Internal Revenue Service, or to quasi-governmental agencies, e.g., school districts, libraries, park districts, etc.
- Awards are intended to be made for one year at a time. Multiple-year awards may be considered if circumstances justify; however, potential for sustainability after the grant award period may receive favored judging. Please articulate commitments for sustaining your program.

- The evaluation process may include an on-site visit by Foundation representatives.
- There is one grant award period annually (July 1 through June 30) from the Communityworks Fund. Awardees may reapply in subsequent years by re-submitting full applications in subsequent funding cycles.

What Will the Community Foundation Generally Not Fund?

While the Community Foundation attempts to remain flexible in responding to community needs, in general, grants are not awarded for:

- Religious purposes (this does not exclude grants to religious organizations for non-religious purposes or to facilities such as day-care centers that have non-profit status independent from a sponsoring church or religious organization);
- Purchase of advertising;
- Capital or operation debt reduction; however, capital items needed for training purposes will be considered.
- Political campaigns or to support attempts to influence legislative issues of any governmental body.
- Multiple proposals from one organization.

Are There Expense Categories Discouraged by the Community Foundation which could jeopardize selection?

- **Expenses for technology with shorter-term life/use.**
- **Administrative costs (particularly salary, fringe benefits, space, general office expenses such as utilities, office equipment, supplies, etc.)**

No person in the United States shall, on the basis of actual or perceived race, color, religion, national origin, sex, gender identity (as defined in paragraph 249(c)(4) of title 18, United States Code), sexual orientation, marital or parental status, political affiliation, military service, physical or mental ability, or any other improper criterion be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available by the community foundation, and any other program or activity funded in whole or in part with funds appropriated for grants, cooperative agreements, and other assistance administered by the community foundation.

How Does an Organization Apply?

Carefully read and adhere to the grant application instructions. It is important that all requested information is provided. If you have questions, you may contact the Community Foundation Office. The online application is available at: endowthefuturegrants.communityforce.com.

How Are the Communityworks Grant Applications Evaluated?

After initial review and screening by the Community Foundation Administration, the Community Foundation Grants Committee reviews and recommends applications for awards primarily based on the following criteria:

- The visibility and impact of the project should be apparent to current and potential Communityworks Endowment Fund donors.

- The project should be currently actionable – Is the community supportive of and receptive to the initiative?
- The need for and the significance of the project should be obvious and relatively simple to communicate to the community.
- Successful outcomes and the impact of the project should be readily identifiable, measurable, and reported to the community via the media.
- The receiving organization needs to demonstrate that it has the necessary experience and capacity to successfully implement and execute the project.
- The proposed project should demonstrate how it is creative and how it has the potential to stimulate the interest of the public and media.
- Projects which impact multiple focus areas (Workforce Development, Early Childhood Education, and Land Use & Protection) may receive higher priority by the Community Foundation for funding.
- The grant application must satisfy the criteria described under “Community Foundation Grant Making for 2022”, pages 1 and 2 specifically as well as other considerations listed here and on subsequent pages herein.

APPENDIX I: COMMUNITYWORKS GRANT FOCUS AREAS FOR 2022

The Community Foundation of Kankakee River Valley has developed an Impact Plan on the community’s greatest needs across three focus areas:

Early Childhood Education, Land Use & Protection, and Workforce Development.

The Foundation used a multi-faceted approach to develop the Impact Plan, including Town Hall public meetings, discussions with community leaders, information shared by other community foundations, and research.

Grants from the Communityworks Endowment Fund are to address one or more of the priority needs identified under each of the focus areas listed below. A significant aspect of the Community Foundation’s mission is to convene community groups to address community needs. Applicants may also submit grant applications to convene appropriate groups to address the needs listed below. Convening and collaboration are encouraged!

Workforce Development

Our area’s communities have determined that the Community Foundation can have significant impact by supporting:

- (1) Increased work opportunities for unemployed/underemployed youth through collaboration with the Workforce Board and other governmental and community-based organizations.
- (2) Youth programs that prepare entry-level employment through the development of soft skills and work experience.

More specifically the Community Foundation seeks to:

1. Increase Work Opportunities for unemployed/underemployed community youth through collaboration with the Workforce Board and other governmental and community service providers via training partnerships, work experience, resource identification, workshops, surveys and other information-gathering efforts as well as through coordinated partnerships for workforce development strategies, initiatives and sponsorships.
2. Prepare youth for entry-level employment through the development and sponsorship of programs designed and implemented to prepare youth with employment soft skills, job-seeking and job-retaining skills and youth work experience. The Community Foundation also seeks to collaborate and coordinate efforts with appropriate community partners to seek external funding resources or to underwrite costs as well as to assure quality employment preparation of youth including supportive, on-the-job work experience and workplace expectations.

Early Childhood Education

The community has determined that the Community Foundation can have the greatest impact on Early Childhood Education (birth to age 8) by supporting:

- (1) The improvement of the quality of child care;
- (2) The support for parent education;
- (3) The improvement of the quality and accessibility of early childhood education services, and
- (4) The improvement of opportunities to access children's mental health services.

More specifically the Community Foundation seeks to:

1. Improve the Quality of Childcare by:

1. Soliciting grant applications with creative solutions for improving the quality of local childcare, specifically home-based, license-exempt providers.
2. Funding programs that improve, advance or develop programs to improve childcare programs.

2. Support Parental Education by:

1. Supporting the creation of web-based parent education that widely disseminates parent education information about local, school-based, Birth-to-Eight programs.
2. Supporting grant applications with creative approaches for providing parental education.

3. Improve the Quality and Accessibility of Early Childhood Education Services by:

1. Convening local, center-based, and family-based childcare providers for a "Child Care Collaborative," where members exchange ideas, concerns, solutions, and submit joint grant applications for Illinois Early Childhood grant funds.
2. Supporting initiatives to expand home-visiting programs.

4. Improve Access to Children's Mental Health Services by:

1. Supporting the initiatives to improve community awareness of children’s mental health needs and capacity-building initiatives aimed at young children.

Land Use & Protection

The community has determined that the Community Foundation can have the greatest impact in these areas by:

- (1) Expanding community efforts on land development with consideration for recreation focused on the benefits of the Kankakee River;
- (2) Taking steps to preserve “rural charm” of our service area;
- (3) Supporting efforts to address transportation issues.

More specifically the Community Foundation seeks to:

1. Expand Community Efforts on Land Development by:

1. Assisting in the planning and implementation of programs focused on improving neighborhoods in area communities through various economic and tax incentives. The County has formalized programs such as Main Street, Historical Preservation, brownfields, and urban renewal strategies.
2. Continuing to convene planning and advisory meetings for the Riverfront Biking & Walking Trail Initiative. These efforts are critical in the development of the Riverfront for maximum benefit to the community.
3. Preserve & protect the trails of the area and surrounding communities.

2. Preserve a “Rural Charm” Atmosphere by:

1. Cooperating with local historical organizations already in place in various municipalities to implement county-wide historic districts.

3. Focus on Transportation by:

1. Supporting public forums to inform and involve residents and elected officials with information on initiatives to progress transportation projects. Transportation projects may involve seeking capital funds and encouraging long-term planning among multiple levels of government.

4. Develop Plans for County Infrastructure & Zoning by:

1. Facilitating communications to the public on the various programs underway to improve zoning and infrastructure by the Kankakee County Planning Department.
2. Assisting with a focus on quality development along the ½ mile corridors on each side of Interstate 57 to reflect favorable appearances for developers, residents and travelers.
3. Convening public forums and other meetings to foster public and governmental collaboration.
